

Semester Project Part 1: Topic Selection

- Name
 - Ez Coffzee
- Description
 - A coffee shop that specializes in both waking consumers up and putting them back to sleep. On part of the website would be dedicated to normal coffee and coffee related sales. The other half of the website would allow the user to purchase drinks that would help them fall asleep as well as rent out rooms to fall asleep in. They would also be able to rent work-oriented rooms in the morning. The prices change depending on the time of day. At night all the coffee related goods are discounted, and in the morning all of the sleep related goods are discounted.
